Bloody Williamson

This book is hard to believe, but 100% true. My dad lived in W. Frankfort, in Franklin County. Franklin County was next door to Williamson Cty, IL.

My dad cherished this book as he never thought that someone would write about all that is addressed in this book. Everyone knew about it.

It spoke of one of my relatives that lived and was attacked for what he knew. This Rotramel family member was going to find out who was beating people up and killing people so he went out and measured the horse stride of all the horses from the crime site. Then he figured out who did it. He was almost killed for this.

My dad remembered the KKK marching through town. Everyone, white, black, it did not matter. They were scared.

This book should be on a best seller list.
