As a former skeptic of Clinton Anderson and his method, I must admit that I am truly impressed with the fundamentals series. I have used natural horsemanship for over 25 years and taught other people as well as trained horses for trail,ranch,feedlot,barrelracing, and reined cowhorse. I still had holes in what I was doing and this program has opened my eyes to what I was missing. At the same time it is so detailed and well laid out that my 12 year old daughter has been able to understand what to do and has been able increase her confidence and horsemanship skill. The change in our horses has truly been amazing. The little nagging issues we use to have are no longer a problem. This program has helped my whole family improve our horsemanship skills to make riding safer and more fun for us and the horse.
