Great book!

By Gabriel Harkot

The quality of paper is much better. And the coloured pages makes the reading easy to enjoy.

The book itself remains the best in coloproctology, despite the paper.

Excelent!

By rodrigo g da silva

I recommend this book because we can see the opinion of the experts! There is a section "Comment" where the author put his opinion on several controversies. It is very good!

0 of 0 people found the following review helpful.

I keep reading many chapters for 3-4 times to compare it with my experience and to consult new cases.

By Vladimir Bojko

The book is a well assorted collection of science, skills and tacit knowledge as well as a thorough look into every pathology of wide interest.
