EASY LUXURY: AN EXPERT GUIDE TO CREATING YOUR PERFECT HOME BY DARREN PALMER PDF

A sourcebook of stylish and achievable ways to create a luxury look in your home, on a budget

Lavishly illustrated with photographs of Darren's own interior design projects, ranging from apartments to larger family homes, this book provides key styling ideas that will help you get the most out of a space and create a big impact for a realistic investment of time, energy, and money. Whether you are styling a new home, getting a property ready to sell, or simply redecorating, this book provides budget-conscious design tips and solutions for creating a home that encompasses a luxe, designer aesthetic while still embodying comfort. The book moves from large-scale practicalities and planning through to the elements of design, and takes a detailed look at styling room by room—as well as the goals, opportunities, and potential pitfalls involved.

A quarter of the way through reading it I went back over it to start making notes because the advice was so good. An example of

By Nicole Harvey

I'll start by saying that ive only read 5 books on the subject previous to this because im fairly new to interior design Perhaps that colors my viewpoint somewhat but honestly I just devoured this and cant say ive done that with non fiction books before. Maybe to experienced interior designers some of the advice is redundant and not revolutionary but as someone who has dabbled in home renovation successfully but wants to take it to the next level- this book was well worth buying. He has a really enjoyable writing style where he comes across as far from pretentious and yet very experienced. Some of the advice he gave I had heard of but there was still a lot I picked up. A quarter of the way through reading it I went back over it to start making notes because the advice was so good. An example of a simple tip he gave was to go shopping with your phone...in other words take photos of all the elements you want to buy (furniture, decor, soft furnishings) and then put them on your mood board and play with it to ensure everything works well together before buying a thing. If something sells out before hand it wasn't meant to be. I know that sounds simple and obvious to me now but

it completely changed the way I have approached things and as a result I dont get carried away buying decor that doesnt always fit and it ultimately saves money while my overall looks now appear more sophisticated. We may be at different stages of knowledge with interior design but I would think most people would enjoy this book and gain some new tips or perspective

Not worth the money

By Svensson Christoffer

Didn't give anything new that one doesn't already know.
