EMANCIPATING ANDIE BY PRISCILLA GLENN PDF

Ever since the one time Andie Weber threw caution to the wind - and paid the price for it - she's learned that it's safer and smarter to live life playing by the rules. Now she's got a great apartment, a steady job, and a wonderful boyfriend in Colin; he's sweet, stable, and essentially perfect – except maybe for the fact that his best friend is Chase. Chase McGuire lives his carefree, unstructured life strictly for himself. Dripping sarcasm and oozing wit, he refuses to censor his feelings or opinions for anyone, making no apologies for either and wearing his abrasiveness like a badge of honor. No one has ever gotten under Andie's skin the way Chase does – and vice versa. So when Andie and Chase find themselves forced to take a two-day road trip together, they are already dreading an inevitable all-out war. But as the trip progresses, and the undeniable friction that has always defined their relationship slowly begins to wear away their preconceived notions of each other, Andie and Chase discover they both have a lot to learn about life, courage, happiness, and the age-old battle between logic and love.

Priscilla does it again!

By Sammie's Book Blog

I just just finished *Emancipating Andie* and I was in love. I was worried with the whole 3-way, love triangle thing. So many people are doing that. But I loved it. They didnt go over any boundaries. It was tastefully done and I really enjoyed it. I loved CHase, loved how he made Angie open up and try new things. I loved the first meeting in the cellar. He cracked me up, well he made me laugh pretty much the entire book. I loved the dancing scene at the wedding, I loved the scene where he thought something happened to her. I just loved this book, period. It was very well done and it was beautiful, intense. It had everything I would of hoped it did and more. Except a wedding and cute little Chase babies ;-) But hopefully one day there will be more. I loved the ending, it was a beautiful way to show the growth of Andie. Well done Priscilla, beautiful story. Must read all!!

Andie & Chase

By Julie H

Basic love triangle - very vanilla. Andie is stuck taking a road trip to a wedding with her boyfriend Colin's friend Chase, a cocky obnoxious man she met years ago. Andie is very straight laced & there is nothing wrong with her relationship with Colin - it's fine. He's nice looking, sex is good. Andie finds herself letting her guard down around Chase & he shows her that he can be thoughtful & sweet, and Andie hates to admit but sparks fly when she's around Chase whether he's picking on her to live a little or touching her. He finds out about the secret novel she's writing & encourages her to pursue her dreams, something Colin would never do. Nothing exciting about this story but a sweet romance.
