Not what I expected!

By Nic

I had really liked the other books in this series but the ending had me wishing for something different. Each book was a short book so I expected the same out of this one. What I did not expect was the ending to feel so rushed. I felt like the story needed to be at least twice as long to work for me. Things happened too fast. I did not get to know the couple of what was going on enough to really enjoy it.
