Recognize and implement the habits that rich people and famous use

By Lucky Rinna

There really are no limits to what you can achieve. All you have to do is change your “poverty” mentality to one of success. All you need to do is change the habits that keep you chained to your current lifestyle and your current salary. Swap these habits for better ones, for habits and thoughts and insights that will make you as rich, as successful, as happy as you care to be.

This book can help you to easily recognize and implement the habits that rich people and famous use in order to achieve and maintain success.
