Between the Two of Them...

By ladybyrd

I bought the Kindle version after having trouble reading the paper version. For some reason, it was easier to read it. Same format just electronic; however, I am still glad I have both versions. Switching back and forth between the two of them sometimes is also very calming.

Although I did not use the text often in class, I did use it to learn definitions or factors that I needed help with. The explanations seem to be clear. This textbook helped me succeed through my HR class.
