Most helpful customer reviews

7 of 7 people found the following review helpful.

Very good structured book

By bn

Very good structured book, I was not dissapointed about really anything in it. Very explanatory, describing steps with all the images, summary and quick test at the end of each chapter. Keep up the good work!

3 of 3 people found the following review helpful.

Good Book

By Amazon Customer

The book contains both useful information about Windows Server but also contains step-by-step instruction on how to do various tasks.

2 of 3 people found the following review helpful.

NO ACCESS CODE CARD

By Amazon Customer

I bought this book to keep the information at hand and to practice for the certification. To my surprise the book doesn't have the Access Code Card. How can I get it?
