Fantastic F/F/M story!

By Crazie Betty

First read by this author and I seriously loved it! There just isn't enough really good erotica out there featuring F/F/M combos and Donna Jay completely supplied it!

Jen and Brett are looking forward to a relaxing weekend getaway of camping. While hanging out by the river they get a little touchy feely on each other until they are interrupted by Kylie who is looking for her dog that ran through the bushes towards the river. Jen and Brett have always fantasized about having another woman and when she shows up after they've just gotten their motors revved, they can't help but look at her with some lust. The moment is quickly gone, however, when Kylie retrieves her dog and sets back to her little cottage in hopes of having not ruined the nice couples obvious plans.

Hearing some crazy barking, Jen and Brett go to investigate and find Kylie being harassed by a couple younger guys who are hitting on her and trying to get her to come with them. Brett saves the day and Jen and Brett offer Kylie a ride home so she doesn't have to worry about running into them again.

Jen and Brett participate in some harmless flirting with Kylie until Kylie finally jumps across the line they've all been coming close to, but not quite crossing themselves. After all, Brett and Jen may have fantasized about such an experience but neither has been in the situation before and don't know how to proceed. Kylie tells Jen and Brett that she has been a third before and enjoys it and asks them if they have as well. When she finds out they've not had this experience before, she does what she can to take some of the lead so they can relax and enjoy.

I really appreciated that Kylie had her boundaries of no penetration unless she's in a committed relationship with the man. This makes all parties feel better as there are clear lines that won't be crossed which will allow them to, hopefully, come out of the situation on the other side having been fully satiated but not jealous,

stressed-out or worried. The actual threesome scene was super-hot and more realistic as to how a married couple and a total stranger would react in this kind of scene (at least in my opinion), and I really liked Kylie's idea of how the three of them could have the experience together, at the same time, but without anyone's boundaries actually being crossed.

I would consider this a HEA in my own opinion but others might feel differently. Let me just say I thought it more realistic and I really enjoyed it. I felt like their experience will be more treasured this way.

Highly recommended for fans of F/F/M combos in their erotica.

I received a copy of this story for free from the author, in exchange for my honest review.

A Zipperless Dream

By Jonmontanavega

Although not an exact match, Riverside Surprise is in many ways the quintessential "zipless f\*ck" that Erica Jong's book Fear of Flying described. Riverside has the quality of an erotic dream, a mystical first FF and FMF encounter for the happy wife/heroine of this novella. The story is the creation, in words, of how many people might imagine how their first such sexual encounter would take place.

I'm going out on a limb and speculating that many people's - both men and women's - very first imaginary creation of a sexual encounter - 'wet dream' if you want to be crass (dreamt while they are still naïve and inexperienced) is with an imaginary partner with a bit more experience, who is willing to take the lead, but who is nevertheless thrilled to couple with you, the dreamer, the newbie. Certainly, my young man's dream was of such a woman to tutor and enthrall me.

What I like so much about Riverside Surprise is that it evokes that dream for the wife, who gets her zipless f\*ck in the form of her very first FF sex, and her first ménage. By "like" I mean it evoked the whole dream-like experience for me, a guy, who will never have a first FF experience. The words were that lush.

playful, sexy FFM story

By Sarah Brenner

Jen and Brett are a happily married couple headed out for a weekend of camping, sun and as much naked fun they can fit in! During a sexy romp by the river, they run into Kylie, a pretty redhead who accidentally catches them in the act.

When spending the night by the river doesn't seem safe anymore, the couple ends up at Kylie's country cottage, where the three of them continue to hit it off over drinks. The sexual tension building between the two women eventually turns into a hot, sexy surprise that Brett gets to enjoy a bit of too!

"The fantasy of being touched so intimately by another woman failed in comparison to the reality."

I love camping and the outdoors - add a hot kinky liaison & I'm sold! This is a playful, sexy story set in the beautiful New Zealand countryside. I recommend this to anyone looking for a threesome fantasy full of love and a very hot, original FFM hookup.
