Prentice Hall Science Explorer ©2007 Environmental Science Student Edition

Lead author Michael Padilla once again sets the standard for engaging, hands-on science exploration. The new Prentice Hall Science Explorer now offers 16 small books that give you the flexibility to customize lessons to match your curriculum. A new title, The Nature of Science and Technology, introduces students to the sciences, scientific methods, skills, and technology and design concepts they'll need to succeed in middle grades science! Whether using the text alone or in tandem with exceptional ancillaries and technology, teachers can utilize differentiated instruction components to meet the needs of every student at every learning level. Unparalleled technology activates text content and takes science beyond the classroom and into the real world.

Most helpful customer reviews0 of 1 people found the following review helpful.

School

By Leonard Jacobs

This is a textbook to help my son with this schoolwork as the school does not have a big enough budget to provide every child with their own textbook, so we decided to purchase.0 of 1 people found the following review helpful.

Great condition

By Tina Jespersen

This book was to replace one that my son spilled soda on. It was in better condition than his book was when he got it and much less than a brand new one.0 of 1 people found the following review helpful.

got the book for school... seems to ...

By C. A.

got the book for school...seems to be the correct product and arrived just in time for the commencement of school.See all 3 customer reviews...
