When taking a train, awaiting listing, as well as awaiting someone or other, you could read this on-line e-book [Slavery Reparations Time Is Now: Exposing Lies, Claiming Justice For Global Survival - An International Legal Assessment By Nora Wittmann](#) as a buddy once again.

SLAVERY REPARATIONS TIME IS NOW: EXPOSING LIES, CLAIMING JUSTICE FOR GLOBAL SURVIVAL - AN INTERNATIONAL LEGAL ASSESSMENT BY NORA WITTMANN PDF

Slavery Reparations Time Is Now breaks important ground on the matter of reparations for transatlantic slavery and European colonialism. It charts the international legal determinates of the matter in detail, as never done before, and is thus a classic that should be part of every home library and of our children's curricula. Slavery Reparations Time Is Now pertinently retraces the anchorage of the legal entitlement to reparations within a historical international law perspective, exposing simultaneously the intrinsic link between the necessity of comprehensive reparations and solutions to other major problems that threaten human survival on Earth, such as nuclear and industrial pollution, wars and contemporary forced labor. By proving clearly, based on in-depth research, that the practice of transatlantic slavery was illegal throughout the time it was perpetrated, the book topples the dominant legal and political opinion that aims to deny the right to reparations on grounds that "slavery" would have been "legal" at that time. Yet, although argued totally contrary to the hegemonic opinion, Slavery Reparations Time Is Now has been welcomed as making a solid case for transatlantic slavery reparations by erudite experts on the matter, such as Patrick Robinson (former President Judge of the UN Tribunal for Ex-Yugoslavia), Hilary Beckles, Verene Shepherd and Anthony Gifford. Recent years have seen a continuous upsurge of the global movement for reparations for transatlantic slavery and colonialism. In response, the powers-that-be are mounting multiple strategies to confuse the public about reparations. It is therefore crucial that the people get their knowledge right about what is legally due. Sticking to international law, reparations have to be economic, educational, historic, and structural. This profound historico-legal analysis provides the ammunition for the final blow to the hegemonic lie that there would be no legal base for slavery reparations, and is presented in a readable way that lay people without legal formation can easily relate to. Yet, although this book clarifies the legal appropriateness of reparations, it is the people who will at last have to take reparations. A passionate and scientifically solid call for justice, Slavery Reparations Time Is Now provides guidance to get there, also addressing the role of popular culture movements such as hip-hop and reggae, and highlighting the fact that icons such as Tupac Shakur were advocating reparations. Only when comprehensive reparation is effectuated for transatlantic slavery can the planet get in balance again and humanity live. Slavery Reparations Time Is Now also contains never-before published comments on reparations by Ayi Kwei Armah.

Slavery was not legal!

By Robert Gordon

I recommend Slavery Reparations for those who want to know the truth concerning the illegalities of trans-Atlantic slavery! Reparations Now!
