# THE BLOOD OF TITANS BY C. MICHAEL FORSYTH PDF

The Blood of Titans is a love story set in the Golden Age of Africa. Halima, teenage princess of an advanced civilization, falls in love with the warrior king Shomari, a magnificent mountain of a man. But their kingdoms are at war. And, in an age of polygamy, he already has a first wife. A passionate love triangle erupts amid the clash of empires. Halima must overcome enormous obstacles to find happiness - then must face a heart-rending choice between duty and love.

At its heart, the book is a classic romance novel, but the drama unfolds in such a unique setting, it is like no story you've ever heard before.

A new voice in Sword and Soul!

By M. Davis

The Blood of Titans is an epic romantic adventure that harkens back to the origin of African civilization, told with detailed eloquence... an engrossing and well-crafted tale. Forsyth does an excellent job creating Halima's world with details so sharp the reader is easily transported into it. I highly recommend it.

You hold in you the blood of titans

By Sam Fatality

I don't think I have ever read a book quite like this one. It captivated me from the very beginning and I found myself many times unwilling to place it down until it was completed. It took me less than a day to finish this, and I have to say in honesty that I wish it had not ended, or that there would at least be a part two of some sort. Blood of Titans tells of a young princess forced to marry a king to help form an alliance in an upcoming war, but when ambushed on the way to her wedding her to be husband flees from battle.

I don't want to tell you anymore and spoil anything for anyone so I'm now gonna go into all the things I really enjoyed about this book and I have to tell you there are quite a few things.

One thing I really liked were the proverbs that can be found placed around the book in appropriate situations relating to them. I believe that they gave it a more believable feel. The maxims just helped in drilling into the readers mind the situation. The characters were lovable, with their strength in themselves and wisdom beyond their years. They have great loyalty in those they love. In this story love still prevails even if it's not in the way everyone expects it. This story teaches you many proverbs, lesson of strength and love, and that no matter what happens you have to continue on. No matter how many times you are knocked down, stand up and remember who you are, no matter how many times you are shackled you must break free. For no one

can weigh you down for you hold in you the blood of Titans.

You will live the journey...

By Vassier Serrano

The Blood of Titans by C. Michael Forsyth:

I cracked the pages of this book late in the evening thinking I would read a few pages before bed time. I became so enthralled with the beautiful details of the landscape and the characters that I began to live the story with the turn of each page. I stayed up all night reading, leaving only five pages to be read in the morning. Phenomenal!

The Blood of Titans is a beautiful story rich with lavish detail. As you read, you will feel the breeze of the land, take of its beauty, feel the characters' hearts beat and feel their pain.

Additionally, you will find yourself in a casting director's chair as your mind begins to wonder which African American Hollywood star could play each character. You will be left with so much excitement, you may find yourself trying to buy a ticket for a movie that is yet to exist! I've got mine.
